Our Vision:

Rainbow Omega will be a non-institutional environment that instills both a family and a community atmosphere where the individuals we serve experience quality standards of care while enabling them to grow spiritually and to have productive, joy-filled and independent lives.

Our Values:

We believe in the sanctity, dignity and worth of each person.

We are committed to the well-being of the persons we serve regardless of their disability.

We respect and support the families of our individuals we serve.

We are guided by and uphold the highest principles in all we do.

Greenhouses

Our plants receive a lot of love!

Rainbow Omega Greenhouses Are A Vital Part Of The Vocational Program

Our residents plant and care for spring/fall plants, ferns, mums and poinsettias. Plants are sold to the public from our nine greenhouses and at events throughout the area. Also, many garden centers in the region purchase plants from us. Rainbow Omega's residents take pride in their work. Customers can be assured their plants have received a lot of tender loving care. The funds generated by the greenhouses help with operating expenses.

For up-to-date availability, please check our website, rainbowomega.org. During busy seasons, daily updates can be found on our Facebook page.
